## **Independent Auditor's Report**

To the Board of Supervisors  
Township of New Britain  
New Britain Township, Pennsylvania

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of New Britain, Bucks County, Pennsylvania, (the Township) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise Township of New Britain's basic financial statements as listed in the table of contents.

### **Management's Responsibilities for the Financial Statements**

The Township's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the government activities, each major fund, and the aggregate remaining fund information of the Township of New Britain, Bucks County, Pennsylvania as of December 31, 2020, and the respective changes in financial position, for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required information on pages 3-14 and 59-69 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence sufficient to express an opinion or provide any assurance.

### *Other Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements. The schedules on pages 76 - 81 and the combining and individual nonmajor and pension trust fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules and the combining and individual nonmajor and pension trust fund financial statements are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**BUCKS COUNTY, PA**  
**Management's Discussion and Analysis (Unaudited)**  
**Year Ended December 31, 2020**

Our discussion and analysis of New Britain Township's financial performance provides an overview of the Township's financial activities for the year ended December 31, 2020. Please read it in conjunction with the Township's financial statement, which begins on page 15.

### **FINANCIAL HIGHLIGHTS**

- The Township's net position increased by \$3,608,486 in 2020 operations. This growth is attributable to an increase in capital assets of \$3,084,731 and a continuing overall policy of fiscal restraint.
- Total program and general revenues increased by \$2,710,313, or 37.64% in 2020. This increase is due to a grant received for the Neshaminy Greenway Trail.
- The total cost of all Township programs for the year ended December 31, 2020, decreased \$375,042 or 5.61% over 2019 expenses. The decrease in expenses is also due to the pandemic, along with a mild winter with less road maintenance.

### **USING THIS REPORT**

This report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 15 and 16) provide information about the activities of the Township as a whole and present a longer-term view of the Township's finances. Fund financial statements start on page 17. For governmental activities, these statements tell how Township services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the Township's operations in more detail than the government-wide statements by providing information about the Township's major funds. The remaining statements provide financial information about activities for which the Township acts solely as a trustee or agent for the benefit of those outside the government.

#### **Reporting on the Township as a Whole**

The Statement of Net Position and Statement of Activities report information about the Township as a whole and about its activities in a way that helps answer the question of whether or not the Township is better or worse off because of the year's activities. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These statements report the Township's net position and changes in them. The Township's net position (the difference between assets and liabilities) provides a measurement of the Township's financial health, or financial position. Over time, increases or decreases in net position are an indicator of whether the Township's financial health is improving or deteriorating.

**USING THIS REPORT (continued)**

**Reporting Significant Funds**

The fund financial statements begin on page 17 and provide detailed information about the most significant funds, not the Township as a whole. Some funds are required to be established by State law. However, the Board of Supervisors established many other funds to help it control or manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

The Township's basic services are reported in governmental funds, which focus on how money flows in and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can be converted to cash. The governmental fund statements provide a detailed short-term view of the Township's general government operations and the basic services it provides. Governmental fund information helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance Township programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds are described in a reconciliation at the end of the fund financial statements.

**The Township as a Trustee**

The Township is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for escrow deposits received from developers, businesses and individuals for legal and engineering fees, public improvements as required by development agreements for land development, and operation and maintenance agreements for on-lot sewage systems and stormwater management facilities. All of the Township's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position on pages 23-24. These activities are excluded from the Township's other financial statements because the Township cannot use these assets to finance its operations. The Township is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

**THE TOWNSHIP AS A WHOLE**

The Statement of Net Position provides an overview of the Township's assets, liabilities, and net position. Over time, this statement will provide a good indicator of the Township's fiscal health. Two years of data are presented in the following tables. During 2020, we continued to update the valuation calculations for capital assets such as land, buildings, vehicles, equipment, furniture, traffic signals and storm sewers.

**Revenue Overview**

Total real estate taxes were assessed at 13.0625 mils in 2020, a 1 mil increase from 2019. This tax generated \$2,322,058 in 2020. Combined revenues from two other major sources - the earned income tax and the real estate transfer tax - were \$3,766,857, an increase over 2019 of about \$432,002, or 12.95%.

**Expense Overview**

Total expenses in all categories were \$6,309,420, down 5.61% from the prior year. Police and Public Works are the largest expense categories, accounting for spending of \$3,804,549. Expenses for police services decreased 13.13% and expenses for Public Works decreased 10.04%.

**ITEMS OF GENERAL INTEREST**

**Water**

Residents and businesses of the Township are served by North Penn Water Authority (a Board member is appointed by the Supervisors), North Wales Water Authority, Aqua PA (formerly Philadelphia Suburban Water Company), Bucks County Water and Sewer Authority and on-lot water systems. The North Branch Neshaminy Creek Watershed and Lake Galena (both located in New Britain Township) provide the raw water that is treated at the Forest Park Water Treatment Plant that serves over 200,000 households and businesses in Bucks and Montgomery Counties. The Township has no financial or management control of the water companies other than that noted above. A joint water transmission line construction project completed in 2015 by the North Wales Water Authority, the North Penn Water Authority and the Forest Park Water Plant has created redundancy in two of the water systems serving New Britain Township, thereby ensuring water supply, and enhancing fire protection for the Township. A second joint project by these entities expanding toward Plumstead Township is planned for 2021-22 that should bring public water out to Ferry Road.

**Wastewater**

Residents and businesses of the Township are principally served by the Chalfont-New Britain Township Joint Sewer Authority (CNBTJSA) and on-lot sewage disposal systems. A small area near SR313 and Ferry Road, and the Shrine of Czestochowa are served by Bucks County Water and Sewer Authority. The recent CNBTJSA plant expansion completed in early 2015 and approved by PA DEP, provides all the capacity required throughout their service area.

The Board of Supervisors appoints three members of the six-member Board of the CNBTJSA. The CNBTJSA operates as a separate business entity. The Township has no financial or management control of the sewer authorities other than that noted above.

**Fire and Ambulance**

Residents and businesses of the Township are served by the Chalfont Chemical Fire Company, Dublin Fire Company, Doylestown Fire Company and Hilltown Township Fire Company in designated districts. There are mutual aid agreements and central dispatching throughout the area. Ambulance Services are provided by the Chal-Brit Regional Emergency Medical Service (CBREMS) and Central Bucks Ambulance. In 2020, the Township collected and distributed to these entities on a per-capita basis a 1.25 mill fire protection tax and a 0.5 mill ambulance services tax, as well as 25% each of collected Local Services Taxes. The Township had no other financial or management control of the fire companies. The Township appoints one member of the Board of Directors of Chal-Brit Regional EMS but had no other financial or management control of the ambulance squads.

The Township municipal building is located on Park Avenue and houses both administration and police operations. The building is approximately 20 years old and is generally in good condition. The municipal building roof was replaced in 2020. The exterior was cleaned and painted in 2006. The heating/air conditioning units were replaced in 2020. The interior was painted in 2009 and 2010. Interior and exterior lighting was upgraded to high-efficiency lighting in 2012 and completed in 2013, with capital costs recouped in reduced utility charges within two years.

**ITEMS OF GENERAL INTEREST (Continued)**

**Public Facilities**

New security measures were installed in 2015, including limited access entry and video surveillance. An emergency generator with a capacity to run the entire building was installed in 2015, along with new carpeting in late 2015-early 2016. The small office kitchen was remodeled in 2017.

The Township owns two large, developed parks and eight neighborhood parks along with scattered open space parcels. North Branch Park and West Branch Park were the benefactors of normal routine maintenance. In 2016, the Township purchased from Quad Graphics 17.697 acres of land adjacent to Cotton Park on Schoolhouse Road, bringing Park acreage to 41.120 acres. Design of the new facility will be a priority in 2020-21. Portions of the Neshaminy Greenway Trail (NGT) have been constructed throughout the Central Bucks region in cooperation with New Britain and Doylestown Townships, and Chalfont and New Britain Boroughs. In 2019, the Township was awarded grants of \$2.6 million to construct a portion of the NGT from Lenape Trail in Chalfont Brough, crossing Bristol Road at Green Valley Way, down Bristol Road, then along the Neshaminy Creek toward Almshouse Road. Construction began in December 2019 and was completed in 2020. In 2019, the Township purchased in fee simple the Coleman property on Upper State Road. Over 40 acres, the Township purchased the property outright to construct a critical missing link in the NGT, allowing the trail to continue along the Neshaminy Creek and cross Upper State Road to align with the CNBTJSA portion of the trail, completing over six miles of multi-municipal mixed-use trail. The Township is actively seeking funding for this project.

The Public Works Department, located at a remote site on Limekiln Pike, benefited from the construction in 2006 of a new building with offices, equipment storage areas, and truck maintenance and storage bays. Additional road salt storage was added in 2012. A portion of the truck bays was recoated in 2013 by Township forces. An emergency generator was added in 2013.

As part of a larger road program, in 2020, the Township milled and resurfaced with approximately 700 tons of material Airy Avenue, Lexington Avenue, Meadow Avenue and Midtown Road. The Township also scratch coated with 1,300 tons of material Old Iron Hill Road from Creek to Ferry Roads, Old Limekiln Road from Creek to Ferry Roads, and Cheesefactory Road from Creek Road to Layle Lane.

After extended litigation, the Township began the construction of a traffic signal system at the intersection of County Line Road and New Britain Boulevard. Most work was completed in 2019 but extended into early 2020. This intersection is the border with Hatfield Township, which will share in the future maintenance expense of the traffic signal.

The Township participated in the Regional Street Light Procurement Program (RSLPP), sponsored by the Commonwealth of Pennsylvania, and managed by the Treasury Department and the Delaware Valley Regional Planning Commission (DVRPC). Streetlights and some poles were purchased from PECO and installed with high-efficiency LED heads. This was done through a seven-year loan through Univest Bank in 2017. The program is designed that the utility and maintenance savings will pay the debt service on the loan. The PECO poles and equipment were purchased in 2016, with the loan. The Township continues to reap the benefits of utility and maintenance savings.

**ITEMS OF GENERAL INTEREST (Continued)**

**Public Facilities (Continued)**

To take advantage of low interest rates, and with assistance from PFM Financial Advisors, the Township closed on a \$4,178,000 loan in July 2020 to pay down most existing debt. Funding from the J.P. Morgan Chase Bank was also used for the Neshaminy Greenway Trail, and other parks, trails, and capital projects.

**ANALYSIS OF INDIVIDUAL FUNDS**

**General Fund**

Actual General Fund revenues totaled \$5,109,344, compared with expenses of \$5,234,951, resulting in net excess of expenses over revenue of \$125,607. Actual revenues were more than budgeted by \$1,959, and actual expenses were under budget by \$448,114. Compared with 2019, actual revenues decreased 4.15%, and expenses were 1.22% lower.

**Other Funds**

This category includes Street Lighting, Fire Protection, Park and Recreation, State Highway Aid, Highway Equipment, Capital Improvements and Equipment, and Municipal Building. Each of these other funds had routine and unremarkable results during 2020.

**Land Preservation Fund**

The Township was less active in pursuing additional land preservation in 2020 due to the global pandemic. Total acreage preserved throughout the Township exceeds 965 acres to date.

Although the Board of Supervisors discontinued millage dedicated to open space acquisition in 2010 and reduced earned income taxes dedicated to open space acquisition in 2015, the Board continues to actively seek and pursue additional land preservation opportunities throughout the Township.

**Pension Plans**

The Township offers a voluntary 457 deferred compensation retirement plan administered by the AIG-VALIC for those employees who wish to contribute part of their salary on a pre-tax basis. The Township matches employee contributions to the plan up to \$1,000 annually (\$250 per quarter).

Full time employees are also members of either the Police or Non-Uniformed local pension plans. These pension plan assets are managed by the Board of Supervisors with advice from two pension committees and outside financial advisors. The Township is eligible for Act 205 assistance in the form of state aid. The pension plans are periodically audited by the Pennsylvania Department of the Auditor General to ensure compliance with state laws.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

New Britain Township has \$12,528,338 invested in capital assets, net of related debt. This represents a \$3,028,004 (31.87) increase over 2019. Infrastructure assets and the related accumulated depreciation and depreciation expense are not included in this report.

**Capital Planning**

The Township capital planning committee is co-chaired by Supervisors Helen Haun and Gregory Hood. This committee recommends each year a Five-Year Capital Improvement Plan and Budget (CIPB) to plan long-term capital and human resource investments. The recommended Five-Year CIPB is presented to the Board of Supervisors as part of the annual budget process.

**Discussion of Future Plans**

Real estate tax millage rates were 13.0625 mills in 2020 and remained the same for 2021.

The Township plans reconstruction of at least one major road each year. For 2021, milling and 1½-inch overlay is planned for: Old Iron Hill Road from Ferry Road to Sunnybrook, Sunnybrook to the Covered Bridge; and Brittany Drive from Business Route 202 to Hampshire Drive, Hampshire Drive to the Butler School border. The Township is also planning to oil and chip: Creek Road from Callowhill to Old Limekiln Roads; Old Iron Hill Road from Creek to Ferry Roads; Cheesefactory Road from Creek Road to Layle Lane; and Layle Lane from Cheesefactory to Ferry Roads; Green Valley Way; Michaels Court; Nicholus Court; Teal Drive; and Goldeneye Court.

**Debt**

The Township incurred debt of \$4,178,000 in 2020 to paydown a portion of the 2005 General Obligation Note, the 2006 and 2017 General Obligation Notes, and to be used for various capital projects included but not limited to improvements to Township parks and trails, parks and recreation community building and the Township property located at 1606 Upper State Road.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Township of New Britain (the Township) was incorporated June 14, 1723, in Bucks County, Pennsylvania. The Township is classified as a “Township of the Second Class” under the laws of the Commonwealth of Pennsylvania and provides the following services as authorized by its charter: public safety, highways and streets, culture-recreation, public improvements, planning and zoning, and general and administrative services. For financial reporting purposes, in accordance with Government Accounting Standards Board (GASB) Statement 14, the Township includes all funds and account groups that are part of the financial reporting entity.

The Township’s statements are prepared in compliance with GASB Statement No. 34, *Basic Financial Statements - and Management’s Discussion and Analysis - for State and Local Governments*. Significant aspects of the Statement include the following:

- A Management Discussion and Analysis (MD&A) section providing an analysis of the Township’s overall financial position and changes in financial position.
- Financial statements prepared using full accrual accounting for all of the Township’s activities, including infrastructure (roads, bridges, etc.).
- A focus on major funds in the fund financial statements.

**A. Reporting Entity**

The Township of New Britain and the Borough of Chalfont (the Borough) have joined to form the Chalfont-New Britain Joint Sewer Authority (the Authority). The Authority is governed by a six-member board. Members of the Board are appointed equally by the governing boards of the Township and the Borough, with three members from each municipality.

The Authority’s governing board is solely responsible for all decisions made in the operation of the Authority. Additionally, the Authority is responsible for all its financial transactions and neither the Township nor the Borough has authorization to approve any such transactions.

Based upon the above factors, it has been concluded that the Township has no oversight responsibility for the Authority. Accordingly, the Authority’s financial statements have been excluded from the reporting entity.

In addition, the Township provides some financial support to four fire companies and one ambulance company – the Chalfont, Hilltown, Dublin, and Doylestown Volunteer Fire Companies, and the Chalfont Emergency Medical Services. Since there is no fiscal dependency, financial benefit or burden relationship, these companies have been excluded from the reporting entity. The Township levies and collects real estate taxes designated for allocation among the companies. Additionally, on occasion the Township donates funds for various capital projects of the companies, and pays certain expenses on their behalf. Annual appropriations totaled \$531,030 for the year ended December 31, 2020.

**Notes to Financial Statements**  
**December 31, 2020**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**B. Basis of Presentation**

The accounts of the Township are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures/expenses, as appropriate. Township resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into five generic fund types and two broad fund categories as described in Note 1C.

**C. Basis of Accounting**

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which primarily rely on fees and charges for support. Fiduciary funds are also excluded from the government-wide financial statements.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide Statement of Activities presents a comparison between expenses, both direct and indirect, and program revenues for each governmental program. Direct expenses are those that are specifically associated with a service, program, or department and are, therefore, clearly identifiable to a particular function. Indirect expenses for centralized services and administrative overhead are allocated among the programs, functions, and segments using a full cost allocation approach and are presented separately to enhance comparability of direct expenses between governments that allocate direct expenses and those that do not. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the Township.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**C. Basis of Accounting (continued)**

**GOVERNMENT-WIDE FINANCIAL STATEMENTS (continued)**

Net position should be reported as restricted when constraints placed on net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other purposes result from special revenue funds and the restrictions on their net asset use.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

**FUND FINANCIAL STATEMENTS**

Fund financial statements report detailed information about the Township. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

**GOVERNMENTAL FUNDS**

Governmental funds utilize the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. General property and other taxes, and investment earnings are recorded as earned (when they are measurable and available). The Township considers property and earned income taxes as available if they are collected 60 days after year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service and other long-term obligations which are recognized when paid.

The funds of the financial reporting entity are described below.

**General Fund** - The General Fund is the general operating fund of the Township and is always classified as a major fund. It is used to account for all financial resources except those required to be accounted for in another fund.

**Special Revenue Funds** - Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The reporting entity includes the following special revenue funds:

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**C. Basis of Accounting (continued)**

**FIDUCIARY FUNDS**

**Pension Trust Funds and Custodial Funds** – Pension Trust Funds (which include the Police and Non-Uniform Pension Funds) and Custodial Funds (Developer’s Legal and Engineering Escrow Fund) are used to account for assets held by the Township in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. The Pension Trust Funds meet the criteria to be considered component units, and are presented as required by accounting standards in the Township’s Fiduciary Fund statements.

**D. Cash and Investments**

Cash and cash equivalents are defined as cash and investments that have a maturity value of less than three months.

Investments in debt and equity securities with readily determinable fair market values are recorded at fair value, as required by Government Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*. Realized and unrealized gains and losses are recorded in the statement of changes in fiduciary net assets (fiduciary funds).

**E. Receivables**

In the government-wide statements, receivables consist of all revenues earned at year end and not yet received. No allowance for uncollectible accounts has been provided since management considers all accounts to be collectible. The Township is permitted to lien the resident’s property if the resident does not remit payment. Major receivable balances for the governmental activities include real estate taxes, earned income taxes, franchise taxes, grants, and police fines.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as real estate tax, earned income tax, franchise tax, grants and other similar intergovernmental revenues since they are usually both measurable and available. Nonexchange transactions collectible but not available are deferred in the fund financial statements in accordance with the modified accrual basis of accounting, but not deferred in the government-wide financial statements in accordance with the accrual basis. Interest and investment earnings are recorded when earned only if paid within 60 days since they would be considered both measurable and available.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**F. Capital Assets**

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are reported in the government-wide or fund financial statements.

**Government-wide Statements**

In the government-wide financial statements, fixed assets are accounted for as capital assets. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. Estimated historical cost was used to value the majority of the assets acquired prior to December 31, 1984. Infrastructure costs incurred prior to January 1, 2004, have not been and are not required to be capitalized.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is shown below.

Classifications	Years
Land and Park Improvements	10-20
Buildings and Improvements	40
Vehicles	5-10
Equipment	5-10
Furniture	10

**Fund Financial Statements**

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital expenditures of the governmental fund upon acquisition.

**G. Compensated Absences**

Township uniformed employees accumulate vacation and sick time in accordance with their contract. Uniformed employees can earn up to six weeks of vacation time each year depending on their years of service. Vacation time can be carried over from year to year up to 75 hours. Upon resignation, an officer is entitled to a pro-rata share of paid vacation time based upon the time served in the particular calendar year.

Uniformed employees are entitled to up to 88 hours of sick leave per year. Sick time can be carried over and accumulated from year to year up to 480 hours. Upon retirement or resignation, the employee is paid at a 50% rate for accumulated sick time up to a maximum of 480 hours. No payment for sick time is made upon termination for cause or resignation without proper notice.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**G. Compensated Absences (continued)**

The Township's vacation policy for non-uniformed employees encourages the use of all vacation days during the calendar year. Non-uniformed employees can earn up to five weeks vacation each year depending on their length of continuous service, and vacation time can be carried from year to year up to 40 hours. However, the Township has the right to pay the employee for excess accumulated vacation leave. Upon retirement or termination, accumulated vacation leave is paid at 100% of the respective employee's pay rate.

Full time non-uniformed employees are entitled to up to 80 hours of sick leave per year. Part-time employees receive sick leave on a pro-rated basis. Sick leave may be accumulated up to a total of twenty days. Employees who have unused sick leave over twenty days per year are paid at a 50% rate for the amount of time over 20 days. Upon retirement or resignation, the employee is paid out at 50% of his or her accumulated sick time. No payment for sick time is made upon termination for cause or resignation without proper notice. The Township is liable to employees in the amount of \$385,069 for vested sick and vacation pay at December 31, 2020.

**H. Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**I. Equity Classifications**

**Government-Wide Statements**

Equity is classified as net position and displayed in three components:

1. **Invested in capital assets, net of related debt** - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. **Restricted net position** - Consists of net position with constraints placed on the use either by a) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or b) law through constitutional provisions or enabling legislation.
3. **Unrestricted net position** - All other net positions that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**I. Equity Classifications (continued)**

**Fund Statements**

Governmental fund equity is classified as fund balance. Fund balance is further classified as follows:

Nonspendable – includes amounts that cannot be spent because they are not in spendable form or they are legally or contractually required to be kept intact. The Township did not have any nonspendable fund balances at December 31, 2020.

Restricted – includes amounts that are restricted for specific purposes by constitutional provisions, enabling legislation, or externally imposed constraints.

Committed – includes amounts that can only be used for specific purposes with constraints that are established by a formal action of the Board of Supervisors. The constraint can only be changed or removed by another formal action of the Board. The Township's fund balance policy requires passage of a Resolution or an Ordinance by the Board in order to set aside funds as Committed. The Township did not have any committed fund balances at December 31, 2020.

Assigned – includes amounts that are constrained by the Township's intent to be used for specific purposes, but are neither restricted nor committed. Assigned balances include all remaining government fund amounts, other than the General Fund, that are not classified as nonspendable, restricted or committed, and are intended for a specific purpose. The intent is expressed by the Board, or an individual to whom the Board has designated authority. The Township's fund balance policy grants this authority to the Township Manager, as well as the Board of Supervisors.

Unassigned – this amount is the residual classification for the General Fund, and any negative fund balances in other governmental funds. Other governmental funds can not report any positive unassigned amounts.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, restricted fund balance is considered to have been spent first. When expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, committed amounts should be reduced first, followed by assigned amounts, then unassigned amounts.

The Township does not currently have a formal minimum fund balance policy.

**J. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflow of resources*, represents a consumption of net position that applies to a future period and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The Township has two types of this item that qualifies for reporting in this category.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflow of resources*, represents an acquisition of net position that applies to a future period and so will *not* be recognized as an inflow of resources (revenue) until then. The Township has one type of this item that qualifies for reporting in this category. Accordingly, this item, *unavailable revenue*, is reported in the governmental funds balance sheet. The governmental funds report unavailable revenue from four sources: property taxes, earned income taxes, local services taxes, and curb replacement revenues. The government wide statement does not report unavailable revenues.

**K. COVID-19**

In March 2020, the World Health Organization declared that the outbreak of a novel coronavirus (COVID-19) constituted a “Public Health Emergency of International Concern”. This outbreak has led to a severe economic downturn worldwide. The extent of the impact of COVID-19 on the Township’s operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on taxpayers, employees, and vendors all of which are uncertain and cannot be predicted. As of September 8, 2021, the extent to which COVID-19 may impact the Township’s financial condition or results of operations is uncertain.

**L. Stewardship, Compliance, and Accountability**

**Budgetary Data**

The following procedures are used by the Township in establishing budgetary data which is reflected in the financial statements.

1. The Township prepares and advertises a proposed budget at least 20 days before the budget is adopted.
2. Public hearings are conducted to obtain comments from taxpayers regarding the proposed budget.
3. The taxes levied by the Township are fixed at such figure within the limit allowed by law, as with all other sources of revenues, and will meet and cover appropriations.
4. The budget is formally adopted by the Board of Supervisors prior to December 31.
5. Amendments may be made by the Board of Supervisors during the year.

**Excess of Expenditures Over Appropriations**

The Township has presented budget to actual comparisons for all funds. For the year ended December 31, 2020, expenditures exceeded appropriations in various categories by \$9,348 for the general fund, \$170,479 for the land preservation fund, \$203,261 for the park and recreation fund, \$4,529,747 for the capital improvements and equipment fund, \$21,372 for the street light fund, and \$103,982 for the fire and ambulance protection tax fund. These over expenditures were funded by greater than anticipated revenues, proceeds from debt issuance, or the available fund balance carryforward.

**2. CASH AND INVESTMENTS**

Cash and investments as of December 31, 2020, are classified in the accompanying financial statements as follows:

Statement of Net Position	
Cash	\$ 7,410,389
Statement of Fiduciary Net Position	
Cash	1,237,069
Investments	<u>16,187,245</u>
 Total Cash and Investments	 <u>\$ 24,834,703</u>

Cash and investments as of December 31, 2020, consist of the following:

Cash on Hand	\$ 892
Deposits with Financial Institutions	8,646,566
Investments	<u>16,187,245</u>
 Total Cash and Investments	 <u>\$ 24,834,703</u>

**A. Cash Deposits**

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Township’s deposits may not be returned to it. The Township deposits are entirely insured or collateralized under a pooled asset program to secure public deposits, as required by Act 72 of the Commonwealth of Pennsylvania. As of December 31, 2020, \$8,066,841 of the Township’s bank balance of \$8,626,423 was uninsured, but collateralized by securities held by the bank or by its trust department or agent but not in the Township’s name.

**B. Investments**

At December 31, 2020, the Township’s investments consisted of the following:

Fiduciary Funds	
Money Market Funds	\$ 383,782
Mutual Funds	<u>16,187,245</u>
 Total Investments	 <u>\$ 16,571,027</u>

**2. CASH AND INVESTMENTS (continued)**

**B. Investments (continued)**

**Investments Authorized by Pennsylvania Township Code**

The Commonwealth of Pennsylvania Second Class Township Code authorizes the Township to invest in obligations of the U.S. Treasury, short-term obligations of the U.S. Government or its agencies or instrumentalities, obligations of the United States or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.

In addition to the investments authorized for governmental funds, fiduciary fund investments may also be made in corporate stocks and bonds, real estate, and other investments consistent with sound business practices and state statutes.

**Custodial Credit Risk**

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the Township will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. With the exception of money market funds held in the fiduciary funds, all of the Township's investments are invested in securities which are not subject to custodial credit risk because they do not involve a transferable financial instrument. The money market funds of \$383,782 are insured by the Securities Investor Protection Corporation up to \$250,000.

**Credit Risk**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit risk of a debt instrument is measured by nationally recognized statistical rating organizations such as Moody's Investor Services (Moody's) and Standard & Poor's (S&P). The Township does not have a formal credit risk policy, as all of the Township's investments were invested in mutual funds which have no such rating.

**2. CASH AND INVESTMENTS (continued)**

**B. Investments (continued)**

**Concentration of Credit Risk**

The investment policy of the Township contains no limitations on the amount that can be invested in any one issuer. At December 31, 2020, the Township had the following investments that represented 5% or more of the police and non-uniform pension plans' total investments:

	<u>Fair Value</u>
Vanguard Allworld Ex Us ETF	\$4,285,608
Vanguard Value ETF	\$2,872,527
Vanguard Growth ETF	\$2,815,621
Vanguard Total Bond Market	\$2,078,550
Vanguard Small Cap ETF	\$1,042,511
Vanguard Mid Cap ETF	\$988,361
Vanguard Int-Term Corp ETF	\$838,027

**Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in interest rates. The Township does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The Township does not have any investments subject to interest rate risk.

**Fair Value of Investments**

Accounting principles generally accepted in the United States of America establish a fair value hierarchy that is based on the valuation inputs used in the fair value measurements. Measurements using quoted prices in active markets for identical assets and liabilities fall within Level 1 of the hierarchy; measurements using significant other observable inputs fall within Level 2; and measurements using significant unobservable inputs fall within Level 3.

**3. PROPERTY TAXES**

Real estate taxes are levied on March 1, based on assessed values established by the Bucks County Board of Assessments. Real property in the Township was originally assessed at \$178,726,880 for 2020. Property taxes attach as an enforceable lien on property as of January 15 of the following year. The Township receives all tax collections through its tax collector. A summary of the property tax millages levied by the Township for 2020, by purpose, is as follows:

	<u>Township Assessed Levy</u>	<u>Maximum Legal Levy</u>	
General Purposes	6.1000 mills	14.0 mills	19.0 court approved

**A. 2005 General Obligation Note**

On August 25, 2005, the Township issued a General Obligation Note in the amount of \$2,250,000. The note was issued for the purpose of providing funds for the construction of a Township public works building and capital improvements to the Township municipal building. The interest rate on this note is both fixed and variable. The variable rate is calculated weekly by the loan administrator. At December 31, 2020, the variable rate was 0.7910% per annum. Additionally, the Township executed a Fixed Rate Swap agreement, which fixed its interest rate for 75% of the note proceeds. During the year ending December 31, 2020, the Township paid off the fixed interest portion of this note using proceeds from the issuance of the 2020 General Obligation Note. Therefore, there is no longer a Fixed Rate Swap agreement. Interest is payable monthly. Principal payments are due on August 25 of each year as shown below, beginning in 2007. The note was issued as non-electoral debt. The Township has pledged its full faith, credit and taxing power, and is required to include in its budget for each year the amount of debt service on the note which will be payable in such fiscal year.

The debt service requirements for the 2005 General Obligation Note are shown below.

Year	Principal	Interest	Total Debt Service

**B. 2006 General Obligation Note**

During the year ended December 31, 2006, the Township issued a General Obligation Note in the amount of \$750,000. The note was issued for the purpose of providing additional funds for the construction of a Township public works building and capital improvements to the Township municipal building. The interest rate on this note was both fixed and variable. The variable rate was calculated weekly by the loan administrator. Additionally, the Township executed a Fixed Rate Swap agreement, which fixed its interest rate for 75% of the note proceeds. Interest was payable monthly. Principal payments were due on August 25 of each year, beginning in 2007. The note was issued as non-electoral debt. The Township had pledged its full faith, credit and taxing power, and was required to include in its budget for each year the amount of debt service on the note which would be payable in such fiscal year. This note was paid off during the year with the issuance of the 2020 General Obligation Note.

**C. 2017 General Obligation Note**

During the year ended December 31, 2017, the Township issued a General Obligation Note in the amount of \$3,000,000. The note was issued for the purpose of providing funds for the (1) planning, construction, renovation and improvement of various Township buildings and facilities, including the replacement of the New Galena Bridge, repair and/or replacement of five culverts, repair/replacement of the Township administrative building roof, and various other capital projects, and (2) payment of costs and expenses incurred by the Local Government Unit in connection with the issuance and sale of the note. This note was a draw down note and the township had until October 3, 2019 to draw down the entire \$3,000,000. The interest rate was 2.5% per annum through August 15, 2017. Starting on August 15, 2017 and on August 15 each calendar year thereafter until the note was paid in full, the interest rate was reset at seventy five percent of Wall Street Journal Prime or its equivalent, with a maximum interest rate of 4.5% per annum. Interest was payable semi-annually. Principal payments were due on February 15 and August 15 of each year, beginning in 2019. The note was issued as non-electoral debt. The Township had pledged its full faith, credit and taxing power, and was required to include in its budget for each year the amount of debt service on the note which would be payable in such fiscal year. This note was paid off during the year with the issuance of the 2020 General Obligation Note.

**D. 2020 General Obligation Note**

During the year ended December 31, 2020, the Township issued a General Obligation Note in the amount of \$4,178,000. The note was issued for the purpose of providing funds for the (1) paydown of the Township's Series of 2005 General Obligation Note in the amount of \$657,000, (2) payoff of the 2006 General Obligation Note in the amount \$300,000, (3) payoff of the 2017 General Obligation Note in the amount of \$2,825,000, (4) various capital projects included but not limited to improvements to Township parks and trails, the parks and recreation community building and the Township property located at 1606 Upper State Road, and (5) costs and expenses of issuing the note. The interest rate is fixed at 1.24% per annum through February 15, 2032. Interest and principal are payable annually on August 15 of each year, beginning in 2020. The note was issued as non-electoral debt. The Township has pledged its full faith, credit and taxing power, and is required to include in its budget for each year the amount of debt service on the note which will be payable in such fiscal year.

The debt service requirements for the 2020 General Obligation Note are shown below.

Year	Principal	Interest	Total Debt Service

**9. CUSTODIAL FUND**

The Developers' Legal and Engineering Escrow Fund is a Custodial Fund in that the Township has custodial capacity of funds deposited with it on behalf of developers. Escrow funds held for others of \$694,318 represent the net developer and other balances held at December 31, 2020.

Physical improvement escrows are not reflected in the statements, as these are not under the full custodial control of the Township.

**10. DEFERRED COMPENSATION PLAN**

The Township offers substantially all its employees two deferred compensation plans created in accordance with Internal Revenue Code (IRC) Section 457. The plans permit participating employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Prior to 1997 all amounts of compensation deferred under the plans, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights were (until paid or made available to the employee or other beneficiary) solely the property and rights of the Township (without being restricted to the provisions of benefits under the plan), subject to the claims of the Township's general creditors. Participants' rights under the plan were equal to those of general creditors of the Township in an amount equal to the fair market value of the deferred account for each participant.

During 1997 the Township amended the plan in accordance with recent IRS amendments of IRC Section 457(g). As a result of the amendment, assets of the plan are now placed in trust for the exclusive benefit of participants and their beneficiaries. IRC Section 457(g) states that the Township no longer owns the amounts deferred by employees, including the related earnings thereon. Accordingly, the assets and the corresponding liability for the compensation deferred by plan participants, including earnings, are no longer reported in the financial statements of the Township.

**11. DEFINED BENEFIT PENSION PLANS**

**A. Summary of Significant Accounting Policies**

**Basis of Accounting**

The Plans' financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions, if required, to the Plan are recognized when due, in accordance with Act 205. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

**Method Used to Value Investments**

Investments are listed at fair value as reported by TD Ameritrade.

**B. Description of Plans**

**Plan Administration**

The Township contributes to two single-employer defined benefit pension plans, The Township of New Britain Police Pension Plan and The Township of New Britain Non-Uniformed Employees' Pension Plan. The Police Pension Plan was established by Ordinance 87-11-8, effective October 1, 1987. The Non-Uniformed Plan was established effective January 1, 1976. The plans were restated effective September 9, 2002, by Ordinances 2002-09-03 and 2002-09-04. Assets are held separately and may only be used for the payment of benefits to members of the Plans. The plans are part of the Township's financial reporting entity and are included in the Township's financial report as pension trust funds.

**B. Description of Plans (continued)**

The plans are governed by the Township of New Britain Board of Supervisors which may amend plan provisions, and is responsible for the management of the Plan assets. The Board of Supervisors has delegated the authority to manage certain Plan assets to INR Advisory Services.

The plans are required to file Form PC-201C biennially with the Pennsylvania Department of the Auditor General’s Municipal Pension Reporting Program (MPRP). The most recent filings were as of January 1, 2019.

**Plan Membership**

At December 31, 2020, plan membership consisted of the following

	<u>Police</u>	<u>Non- Uniformed</u>
Active Employees	11	16
Retirees and Beneficiaries Currently Receiving Benefits	9	7
Terminated Employees Entitled to Benefits but Not Yet Receiving Them	<u>-</u>	<u>7</u>

**Contributions**

For the Police Plan, participating employees are required to contribute 5% of covered payroll to the Plan. If a participating employee leaves covered employment of the Township, other than due to employment-connected death or disability, before 12 years of service, accumulated employee contributions plus related investment earnings are refunded to the employee or to a designated beneficiary.

For the Non-Uniformed Plan, participating employees are required to contribute 5% of covered payroll to the Plan. If a participating employee leaves covered employment of the Township, other than due to employment-connected death or disability, before ten years of credited service, accumulated employee contributions plus related investment earnings are refunded to the employee or to a designated beneficiary.

The Township's funding policy prescribed by Act 205 requires that annual contributions be based upon the Minimum Municipal Obligation (MMO) using the plan's most recent biennial actuarial valuation. The MMO includes the normal cost, estimated administrative expenses and an amortization contribution of the unfunded actuarial accrued liability, less estimated member contributions, and a credit equal to 10% of the excess (if any) of the actuarial value of assets over the actuarial accrued liability.

The Commonwealth of Pennsylvania provides funds (foreign casualty insurance premium taxes) to the Township, which are used in making contributions to the plans. The Township is required to contribute any remaining amounts necessary to fund the plans, using the actuarial basis specified by the state statute.

**C. Investments**

**Investment Policy**

It is the policy of both of the Pension Committees to pursue an investment strategy that will produce a return on investment which is based on levels of investment risk that are prudent and reasonable given prevailing capital market conditions. While the committees recognize the importance of the preservation of capital, they also recognize modern portfolio theory, which maintains that varying degrees of investment risk will be rewarded with compensating returns. Consequently, prudent risk-taking is warranted and justifiable. Performance objectives include achieving a rate of return equal to or greater than the Plans' actual interest rate, achieving a real return above inflation, and maintaining a risk level within the tolerance level of the plans' fiduciaries.

**Investment Policy (continued)**

The Committees' adopted asset allocation policy as of December 31, 2020, is as follows:

Asset Class	Target Allocation
Equity	70%
Bonds/Fixed Income	27%
Cash	3%
	100%

**Concentrations**

The investment policy of the Township contains no limitations on the amount that can be invested in any one issuer. The following represent more than 5% of total entity investment:

Vanguard Allworld Ex Us ETF	\$4,285,608
Vanguard Value ETF	\$2,872,527
Vanguard Growth ETF	\$2,815,621

**D. Deferred Retirement Option Program (DROP)**

Effective January 1, 2007, members of the New Britain Township Police Department who have not retired prior to the implementation of the DROP program, may enter into DROP after satisfaction of such eligibility requirements. An eligible member may elect to participate in this DROP program for a period of not less than 12 months, unless that member dies or becomes disabled, or more than 48 months. A member electing to participate must file a "DROP Election Form" at least 30 days before the employee's effective date of retirement. Along with the DROP Election Form, the member must file a binding and irrevocable notice to the Township that the member will resign from employment on a specific date (the "resignation date").

After the effective date of the DROP option, the member shall no longer earn or accrue additional years of continuous service for the pension purposes. Service thereafter shall not be recognized or used for the calculation or determination of any benefits payable for the Plan. The pension benefit to the members shall only increase as a result of cost of living adjustments in effect on the effective date of a member's participation in DROP or by applicable cost of living adjustment granted thereafter.

The monthly retirement benefits that would have been payable had the member elected to cease employment and receive a normal retirement benefit shall, upon commencing participation in DROP, be paid into the separate account established to receive the participant's monthly pension payments. This account shall be designated the DROP participant account. The monies deposited in the DROP participant account shall be credited with the same rate of return as that of the overall Police Pension Fund, however, there is no guaranteed rate of return on the DROP participant account.

On the effective date of termination of employment with the Township, participation in the DROP shall cease. Within forty five days of receipt of the participant's election form to receive DROP benefits, the balance of the DROP account shall be paid to the member in a single lump-sum payment or at the member's option, in any fashion permitted by law.

If a member becomes temporarily disabled during his participation in DROP, that member shall continue to participate in the DROP program as if fully employed. The member shall receive disability pay in the same amount as disabled police officers that are not participating in DROP. Members on temporary disability are not able to draw from their DROP accounts. If a disabled member has not returned to work as of the date of his required resignation or if the member is honorably discharged prior to their resignation date, then such resignation shall take precedence over all over provisions and the member will be required to resign.

If a DROP member dies before the DROP account balances are paid, the member's designated beneficiary shall have the right to apply for and receive the benefits accrued in the DROP participant account.

As of December 31, 2020, there were two participants in the DROP program with a total balance of \$330,267.

**E. Net Pension (Asset) Liability of the Township**

The components of the net pension (assets) liabilities of the Township at December 31, 2020, were as follows:

	<u>Police</u>	<u>Non- Uniformed</u>
Total Pension Liability	\$ 9,506,308	\$ 4,091,545
Plan Fiduciary Net Position	<u>(11,354,414)</u>	<u>(5,235,595)</u>
Township's Net Pension Asset	<u>\$ (1,848,106)</u>	<u>\$(1,144,050)</u>
Plan Fiduciary Net Position As a Percentage of the Total Pension Liability	119.4%	128.0%

**Actuarial Assumptions**

The total pension liability for both plans was determined by an actuarial valuation as of January 1, 2019, and rolled forward to the reporting date using the following significant assumptions applied to all periods included in the measurement.

Inflation	2.75%
Salary Increases	5.0% including inflation
Investment Rate of Return	7.0%

For the police pension plan, mortality rates were based on the RP-2014 Mortality Table with rates set forward 5 years for disabled lives. For the non-uniformed pension plan, mortality rates were based on the RP-2014 Mortality Table. For both plans, mortality improvement was based on the long-range demographic assumptions for the 2015 SSA's Trustee Report.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of inflation and investment expenses not funded through the MMO) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of December 31, 2020 are summarized in the following table.

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Equity	5.0 - 7.0%
Fixed Income	1.0 - 3.0%
Cash and Cash Equivalents	0.0 - 1.0%

**Discount Rate**

The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made equal to the Minimum Municipal Obligation. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**11. DEFINED BENEFIT PENSION PLANS (continued)**

**E. Net Pension (Asset) Liability of the Township (continued)**

**Pension Expense and the Deferred Outflows and Inflows of Resources Related to Pensions  
(continued)**

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending	Amount
2021	\$ (165,168)
2022	(99,515)
2023	(201,782)
2024	(88,841)
2025	(11,621)
Thereafter	(20,986)
	\$ (587,913)

**12. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITY**

As described in Note 5, Items A and B, the Township had entered into a fixed rate swap agreement for both the 2005 and 2006 General Obligation Notes. The agreement applied to 75% of the total balance due. The purpose of this agreement was to hedge the risk of change in the interest rates and assisted the Township in stabilizing the cash flow requirements needed to service 75% of the outstanding balances on the 2005 and 2006 General Obligation Notes (also defined as the “notional amount”).

Under the interest rate swap agreement, the Township was required to make monthly interest payments at the fixed interest rates over the remaining term of the loans. With the execution of the fixed rate swap agreement and in accordance with GASB 53, “*Accounting and Reporting for Derivative Instruments*”, the Township accounted for the interest rate swap as a hedging derivative. The swap agreement had been determined to be effectively hedged under both the consistent critical terms and quantitative methods standards of GASB 53. As such, the change in fair value of the swap agreement had been reflected as a deferred outflow of resources in the statement of net position. During the year ended December 31, 2020, the fixed portion of these notes were paid off, and therefore, at year end there was no fixed rate swap agreement.

**12. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITY (continued)**

The change in the market value of the interest rate swaps in favor of the Township as of December 31, 2020, was as follows:

	2005 General Obligation Note	2006 General Obligation Note	Total
Fair Value of Derivative Instrument on December 31, 2019	\$ (10,815)	\$ (3,977)	\$ (14,792)

**13. RISK MANAGEMENT**

The Township is exposed to various kinds of loss related to limited torts; theft of, and damage to and destruction of assets; errors and omissions; and natural disasters for which the Township carries commercial insurance.

**a. Health Care Coverage**

The Township participates in the Delaware Valley Health Trust (DVHT). DVHT is a regional risk sharing pool providing health insurance benefits to employees and dependents of participating municipalities.

**b. Workers' Compensation Coverage**

The Township contracts with the Delaware Valley Workers' Compensation Trust to provide workers' compensation benefits to employees.

**c. Insurance Coverage**

The Township contracts with Delaware Valley Property Liability Trust to provide commercial, liability and bonding coverage for the Township.

Management believes the above coverages are sufficient to preclude any significant uninsured losses to the Township. There have been no significant reductions in coverage from the prior year.

**TOWNSHIP OF NEW BRITAIN**  
**BUCKS COUNTY, PA**  
**Notes to Financial Statements**  
**December 31, 2020**

**14. CONTINGENCIES**

The Township is party to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accruals or provisions for loss contingencies that may result from these proceedings. While the outcome of the above-noted proceedings cannot be predicted, due to the insurance coverage maintained by the Township, management feels that any settlement of judgment not covered by insurance would not materially affect the financial condition of the Township.

**15. RECENT ACCOUNTING PRONOUNCEMENT ISSUED, NOT YET EFFECTIVE**

In June 2017, the GASB issued Statement No. 87 – *Leases*. This Statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under the Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The requirements of this Statement are effective for financial statements for fiscal years beginning after June 15, 2021. Management has not yet determined the effect this update will have on the Township's financial statements.

**16. SUBSEQUENT EVENTS**

Management has evaluated subsequent events through September 8, 2021, the date which the financial statements were available to be issued.

**TOWNSHIP OF NEW BRITAIN**  
**BUCKS COUNTY, PA**  
**Notes to Schedules of Budget to Actual Comparisons**  
**December 31, 2020**

**1. BASIS OF PRESENTATION**

The Township has prepared the Schedule of Budget to Actual Comparisons using the same format as the Statement of Revenues, Expenditures, and Changes in Fund Balances.

The Township amended its 2020 general fund and capital improvements and equipment fund budget as originally adopted and, therefore, is presenting its original and final budget in separate columns for the general fund and capital improvements and equipment fund. The Township is presenting its original and final budget in one column for the other funds presented.
